BRICS spout globalist doctrines

BRICS proclaim loyalty to globalism. Thanks to Edward Slavsquat for the education; this is a must-read

And while we are at it, a lesson in the lingua franca of globalism

It is critical to learn the globalist patois (vernacular) if you want to grasp what they are actually saying.

Multilateralism means global governance.

Global governance means global government. (The State Department disagrees, but they are the controllers of the deep state, so who cares what they say?)

Just (as in justice) means "just for us globalists."

Sustainable development means we give you just enough to sustain you while you work for us.

Agile means we are ditching all the old rules.

Public-private partnership means most of the costs are borne by the taxpayer and most of the profits are skimmed by private interests.

Carbon markets means "money for nothing and chicks for free."

It seems the BRICS copied the UN's Pact for the Future and the UN Charter to give obeisance to all the current globalist narratives. (However, one may be changing, as James Corbett has identified a bunch of new nuclear energy efforts as the latest green initiatives besides solar and wind.). Edward Slavsquat gives us the usual sharply sarcastic take on why we can't expect the BRICS to save us.

Edward Slavsquat

Would you like to know what BRICS just declared?

BRICS just wrapped up its 16th summit in Kazan. Probably you heard about this momentous event from meticulously researched independent media articles discussing how BRICS just delivered a DOUBLE DEATHBLOW to the globalists...

Then you should read the Kazan Declaration and listen to The Duran to get some real information. I can only assume that the article was written by someone with little understanding of BRICS.

His handle, Slav Squat, gives us a clue. Slavs are Squat are they? Not in my book they aren't, but he generally seems to be a fierce critic of the Russia regime management. Even though it is infinitely more competent than the obviously total idiots who front for his homeland. One just has to listen to Putin/Lavrov's speeches and compare them to Biden/Harris/Blinken to know that. Chalk and cheese....

Waggaman is his real name:

"Waggaman Meaning & Origin

The surname Waggaman is of English origin and is derived from the Old English word "wagga," meaning "to sway or waver," and "mann," meaning "man." It is believed to have originated as a nickname for someone who was unsteady or indecisive. Over time, the name evolved into Waggaman, and individuals with this surname can be found primarily in the United States."

He doesn't seem to fit with his family stereotype does he :-))

He's very opinionated and is a US guy who lives in Russia, I think

The alternative media is packed with similar types of persona, all of whom are suspect to my mind. Most of the alt media seems to be compromised one way or the other. All part of the dialectic I suppose

I have to get this off my chest. And if any of you take offense, too freaking bad. Someone on here taught me this.

Point 1: how long will you continue will your putin worship ?

Point 2: how can you not see through outlets like the duran ?

Point 3: are you so shallow that you can be mind controlled with cheap, flowery rhetoric ?

Point 4: the fact that putin, the kgb super spy, and card carrying Marxist, the dictator faip, is a Kabbalist Freemason still eludes yall, or, worse yet, doesn't matter, or escapes you still ?

Point 5: russia represents the MARXIST BLOCK, every bit as Rothschild Rockefeller controlled as the Capitalist west, including totalitarian sh#t holes such as China, Venezuela, Nicaragua, Cuba, NK, etc; have you never traveled ?

The BRICS is the NWO. It's the JWO. It's every bit as controlled by the soS as the last 2 empires (((they))) controlled and molded the world into this dystopia nightmare were.

In fact, it's magnitudes worse if you just LOOK.

How do people people give putin a pass when he slaughtered millions of his own people with the Astra Zeneca Sputnik V killshots ? How about all the Christian whites next door in Ukraine ?

Riley LIVES in Russia. He's smart, funny and highly researched and respected among all of the eyes wide open people I know.

He's sarcastic, on the edge, is taking huge risks and uses the 'Slavsquat' handle because he joked about squatting on Slavic lands. Ed, as in Snowden, isn't the good guy that you think he is. Riley, BTW, lives with slavs, has Slavic friends and neighbors, and has the utmost respect for Slavs.

So, my question is, why are SO MANY of you SO FREAKING CLUELESS about the nature of our world and current dire circumstances ?

These are all open questions and I would love your feedback. PK

I don't see a lot of Putin worship here PK. You been drinking again? We don't all like the same sources, and for various reasons, but in my case I think we're F****d and avoid tedious long winded articles about "stuff", which winds me up and which I don't like listening to. I can't however speak for anyone else, but I will however say that No-one on this site is unaware of what you mention.

Maybe when I see what I perceive to be some, it's too much. I don't look to be the turd in the punch bowl. My intentions are honest. It is very late in the game, yes. The needle has a hidden surprise that is a lynch pin to be pulled when enough of us 'get it'. Very sad to say.

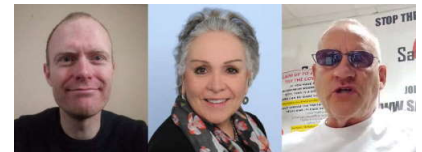

"You been drinking again?"

— ^^ super lame. Almost like a form of passive aggressive censorship ? No worries. We all, well, I, am very frustrated. Most of all by viewing so much lack of... so many things that are required to form a cohesive and

Pregozhin took Bakhmut then marched on Moscow alleging ammunition was cut off during the battle. They used air power due to shortage of artillery shells taking very high casualties. Surovkin (Russian Air Force) helped him and his men (Wagners now disbanded). They knew that Moscow was not supporting them and they suspected globalist control of Russian High Command. Russell Bentley held the same view after seeing half hearted support for the militias in Donbass from Moscow. Both Russell and Pregozhin are dead. Killed by their own side.

That was the most accurate and efficient answer I've seen in a long while.

Tex "I'm a Communist" Bentley were acquainted through Jeff Rense many years ago. For many years he refused to believe the reams of evidence I sent – Jeff did too – about that sly devil Vlad. In the end, it cost him everything.

You see, I know what is and what isn't and still love the people behind the errant belief systems. We all arrived from somewhere else. It's a journey. I wish to lose no more good people, were it possible.
